COVER NOTE

Thank you for taking the time to look at this proposal.

Based on your work as a digital creator, I believe a personal portfolio website can help you showcase your content, brand collaborations, achievements, and contact details in one professional place. It gives brands and potential clients an easy way to learn about you and connect with you.

This proposal includes the website features, timeline, and pricing. My goal is to create a clean, modern, and mobile-friendly website that represents your personal brand and helps you grow your online presence.

SCOPE OF WORK

Based on your creator profile and content, I propose a modern, mobile-friendly portfolio website with the following pages and features:

Page / Section	Content & Features
Home Page	Hero section, profile photo, short introduction, call-to-action buttons, social media links.
About Me	Personal introduction, creator journey, niche, interests, and achievements.
Featured Content	Showcase of Instagram Reels, posts, videos, or other highlighted content.
Brand Collaborations	Display of brands you've worked with, collaboration highlights, and campaign showcase.

Gallery	Collection of professional photos, lifestyle images, and creator portfolio.
Services	Content creation, promotions, collaborations, event appearances, or other services offered.
Testimonials <i>(Optional)</i>	Reviews or feedback from brands or clients (if available).
Contact Me	Contact form, email, WhatsApp button, and links to social media profiles.
