**Contact No** : +91 6354469602  
**Email** : [varadjariwala@gmail.com](mailto:varadjariwala@gmail.com)  
**Permanent Address** : Surat, Gujarat – India  
**Correspondence Address** : Dombivli East, Thane, Maharashtra - India

## TECHNICAL SKILLS

**Networking** : Subnetting, VLAN, Network Monitoring, LAN, DNS, DHCP, NAT.  
**Routing & switching** : OSPF, RIP, Static Routing, BGP, EIGRP, VPN, VTP.  
**Network Security** : Firewalls, ACLs.  
**Troubleshooting** : Network Diagnostics, Connectivity Issue Resolution  
**Ops & Coordination** : Project coordination, Documentation – Reporting.  
**Tools** : Wireshark, Nmap, Cisco Packet Tracer.  
**Skills** : Leadership, Team Management, Communication.

## APPRENTICESHIP

**Controlcase International Pvt. Ltd. | Andheri - Mumbai**

**Jul. - Sep**

**2026 QA Engineer**

Presently working on PCIDSS specific to requirement 5 & ROC.  
Evidence Review

## INTERNSHIP

**NFT Network Technologies Pvt. Ltd. | Thane – Mumbai**

**Jan. – June**

**2026 Technical Support Engineer**

Configured and managed Cisco routers, Layer 2/Layer 3 switches, and Fortinet Next-Gen firewalls.  
Performed network troubleshooting to resolve connectivity and performance issues.  
Assisted in implementing VLANs, IP addressing, and DHCP configurations.  
Supported NOC operations across client sites including Instant Mudra Technologies Pvt. Ltd. & Tata Power.  
Monitored network performance and ensured system uptime.

**Cybersecurity Umbrella | Surat – Gujarat**

**July**

**2025 SOC Intern**

Conducted network scanning and enumeration using Nmap.  
Analyzed packet data using Wireshark for basic threat detection.  
Gained practical exposure to Security Operations Centre (SOC) workflows.

**Hexxa Geo System Integrators Pvt. Ltd. | Surat – Gujarat**

**May – June**

**2022 Network Engineer**

Supported NOC operations across client sites including L&T, Indian Oil, KRIBHCO, VNSGU, and SVNIT.  
Assisted in configuration and troubleshooting of networking devices.  
Coordinated with teams for deployment and maintenance of network infrastructure.  
Assisted in Preparation of Project Report & Documentation & Verified of Tech Specification & Data Sheets of ELV Devices.  
Coordinated with Project Management Team & Senior Manager to Finalize project deliverables for client submission.

## PROJECT | Network Engineering

- Designed and implemented a multi-department network including IT, HR, call centre, and data centre
- Configured VLANs for network segmentation and improved security
- Implemented DHCP for automated IP address allocation
- Applied Access Control Lists (ACLs) to restrict unauthorized traffic
- Configured EIGRP routing and performed route redistribution
- Simulated and tested the network using Cisco Packet Tracer

## EDUCATION

|                                                                 |             |
|-----------------------------------------------------------------|-------------|
| <b>Bachelor of Engineering (B.E.) in Information Technology</b> | 2023 - 2026 |
| Gujarat Technological University                                | CGPA - 8.37 |
| <b>Diploma in Information Technology</b>                        | 2020 - 2023 |
| UKA TARSADIA University                                         | CGPA - 7.95 |
| <b>Secondary School Certificate</b>                             | 2017 - 2018 |
| Gujarat Secondary Education Board                               | 71%         |

## ADDITIONAL COURSES

### Larsen & Toubro | Micro Learning Courses

Computer Science, IT, Power, Business Management, Finance & Accounting

### Adani Skill Development Centre

Operating Systems, Workplace Skill Management

### Hewlett - Packard / HP

Finance, Operations & Digital Business Skills

### Cisco Networking Academy

Cybersecurity, Networking & Information Technology

### Skill India Digital Hub

User Experience Designer

### Edunet Foundation – Shell

Sept. 2025 - May 2026

Advanced Course on Green Skills & Artificial Intelligence

## Training

### Tops Technologies

May – Sept. 2023

CCNA Training

## Position of Responsibility

### Core Member – National Techfest “Technokruti” 2025

Jan – Feb 2025

Secured Sponsorship & Managed sponsor Relation.

Manged end-to-end event Planning & Execution.

Monitored Budgets & Managed Expenses.

Collaborated with Teams to ensure smooth event Operations.
